These have been reported to West Sussex County Council who are investigating a long-term solution to fix the issues of the flooding.

6. CORRESPONDENCE

The Officer noted that West Sussex County Council was preparing to publish the Draft West Sussex Transport Plan 2022-2036 (WSTP) for consultation from Friday 16th July to Friday 8th October 2021. More information was available via the website (at: www.westsussex.gov.uk/WSTPSurvey).

The Chairman explained that the ongoing Public Right of Way application for a route located by Easteds Barn, submitted by a resident, and that WSCC were considering as part of their legal process was still under review. WSCC had not advanced it further due to work pressures and had updated SPC that they would be looking at it further in the month of July 2021.

The roundabout by Mill Straight still had issues and had begun to break up again. This had been reported accordingly to WSCC.

The path extension to the South end of Cripplegate Lane (outside of Mill Cottage) was still under review with WSCC and the Chairman hoped that County Councillor N Jupp would provide an update soon.

This proposal will affect the street scene. Pedestrian access to the property could also be reduced which may then need to encroach onto land owned by the parish. The resident parks a mobile caravan on the carparking space at present. Their plan is to dispose of it to allow space for the garage, which is to house two motorcycles. This with the extension to the neighbouring house will adversely affect the entire look of the two houses. It also reduces the number of available parking spaces, recognising the 2 additional bedrooms which the neighbour using the shared drive will have.
